

POWER GENERATION

At UPS Industrial Services, we go beyond maintenance to deliver full-scope support across every phase of your project.

POWER PLANT INFRASTRUCTURE

- ★ Boilers and HRSG Systems
- ★ Steam and Gas Turbines
- ★ Heat Exchangers
- ★ Process and Utility Piping
- ★ Balance-of-Plant Infrastructure
 - Cooling and auxiliary systems
 - Support infrastructure & interconnecting systems

Power generation facilities turn to UPS Industrial Services for field execution and specialty industrial services across planned outage environments, routine maintenance programs, and capital improvement projects. With focused expertise in boiler and HRSG systems, turbine support infrastructure, and schedule-critical outage coordination, we keep your facility on schedule and your team focused on safe return-to-service.

OUTAGES & MAINTENANCE

Coordinated support for your planned outages, shutdowns, and ongoing maintenance activities.

- ★ **Outage Execution**
 - Critical path coordination
 - Schedule-driven maintenance activities
 - Safe execution in confined and high-risk environments
 - Return-to-service support
- ★ **Boiler and HRSG Services**
 - Boiler tube condition-based inspection, repair, and replacement
 - Internal access and work inside boiler cavities and HRSG modules
 - Waterwall and superheater work
- ★ **Routine Maintenance**
 - Operational reliability support
 - System repair and modifications
 - Multi-discipline field coordination

ACCESS, PROTECTION & RIGGING

Field services supporting safe execution across your facility during outages and ongoing operations.

- ★ **Scaffolding**
 - Internal unit access for boiler and HRSG work
 - Elevated and confined space access solutions
- ★ **Thermal Insulation**
 - Heat conservation and personnel protection
- ★ **Protective Coating Applications**
- ★ **Passive Fireproofing**
- ★ **Crane and Rigging Support**

PLANT SYSTEMS & EQUIPMENT SUPPORT

Execution support across active generation systems and operating environments.

- ★ **Pressure Vessels and Boiler Systems**
- ★ **Pipe Racks and Utility Infrastructure**
- ★ **Mechanical and Piping Support**
- ★ **Structural Modifications**
- ★ **Condition-Based Inspection and Repair**

**PROFESSIONAL CRAFT.
EXCEPTIONAL RESULTS.**
