

LNG

At UPS Industrial Services, we go beyond maintenance to deliver full-scope support across every phase of your project.

LNG INFRASTRUCTURE

- ★ Liquefaction Facilities
- ★ Cryogenic Storage
- ★ LNG Transfer
- ★ Marine and Terminal
- ★ Utility and Support

Grounded in cryogenic expertise, process awareness, and execution rigor, UPS Industrial Services delivers the field discipline your LNG facility demands through maintenance, integrity programs, and capital project delivery. Our teams bring specialized material knowledge and hands-on experience across liquefaction infrastructure, cryogenic process systems, storage operations, and terminal environments.

CRYOGENIC PROCESS SYSTEMS

Execution support across specialized LNG infrastructure, cold-service environments, and controlled process systems.

- ★ **Cryogenic Piping**
 - Specialized material handling and cold-service installation
 - Cryogenic material compatibility and brittleness awareness
 - Thermal cycling and expansion management awareness
- ★ **Cold Box Maintenance**
 - System-wide cooldown and warm-up sequencing
 - Cold box inspection and repair
- ★ **Containment and Vapor Control**
 - Containment integrity activities
 - Vapor release risk awareness and safe work execution
- ★ **Vaporization and Compression**

COMMISSIONING, CONTINUITY & MARINE OPERATIONS

Support across controlled startup environments, ongoing operations, and marine transfer activities.

- ★ **Commissioning and Startup**
 - Cooldown sequencing and system preparation
 - Pre-startup inspection and readiness activities
- ★ **Marine and Dockside**
 - Ship loading system support
 - Transfer arm and dockside coordination
 - Loading and transfer maintenance
- ★ **Safety-Critical Systems**

CRYOGENIC & FIELD SUPPORT SERVICES

Specialty field services supporting safe execution, containment protection, and system integrity across your LNG facility.

- ★ **Mechanical and Piping**
- ★ **Specialty Welding**
 - Cryogenic-grade and high-purity applications
- ★ **Thermal Insulation**
 - Cryogenic and cold-service insulation systems
- ★ **Instrumentation and Electrical**
 - Temperature, pressure, and safety-critical control systems
- ★ **Scaffolding**
- ★ **Crane and Rigging**

**PROFESSIONAL CRAFT.
EXCEPTIONAL RESULTS.**
